Notice of Revised Determination  
on Reconsideration

The initial investigation, initiated on November 10, 2011, resulted in a negative determination, issued on February 8, 2012, that was based on the findings that the subject firm did not experience a decline in sales or production nor did the subject firm shift production to a foreign country during the relevant period. The determination was applicable to workers and former workers of II-VI, Inc., Infrared Optics-Saxonburg Division, Saxonburg, Pennsylvania. The Department's Notice of negative determination was published in the Federal Register on February 14, 2012 (77 FR 8281). The workers' firm is engaged in activities related to the production of infrared and CO2 laser optics and related materials.

The workers of II-VI, Inc., Infrared Optics-Saxonburg Division, Saxonburg, Pennsylvania, were previously certified eligible to apply for TAA under TA-W-64,895. The certification did not include on-site leased workers from Adecco, Carol Harris, Unlimited Staffing, and Staffmark.

To support the request for reconsideration, the petitioner supplied additional information regarding a shift in production to a foreign country to supplement that which was gathered during the initial investigation.

Based on information provided during the reconsideration investigation, the Department determines that worker separations at the subject firm are related to a shift in the production of like or directly competitive articles to a foreign country.

#### Conclusion
